THE MAIN EVENT

Welcome to “The Main Event” and “Spring”

We worked very hard over these past 27 years to put together this All-Breed Annual “Main Event” Breeding Bull Sale. The best feeder cattle in the world are sold in this area. The feeder market and futures have reached all-time highs, especially now, your bull buying decisions are all that more important. We are very proud of this 2024 offering here at Bull Day. Both calving ease and growth bulls will come through the ring, and they will have data to back their qualities. Feel free to contact any of the breeders, or their representatives, about their offerings.

Philip is surrounded by some of the best and beautiful commercial ranches in western South Dakota. It is a hub for the cattle industry. Ranchers come to town for all their supplies and fuel, with stores for every need, including a lumber yard, implement dealers and vehicle salesmen. Marketing needs are met with Philip Livestock and two grain elevators. Philip has health specialists in many fields, and supports a new school. Whether you need a meal, a fancy coffee, or a cold drink, Philip is the place to be.

Bull Day features several “Production Sales”, along with consignments from top breeders from the area and across the Midwest. Many of these breeders have been with us from the beginning and focus their programs on marketing their bulls on “Bull Day.”

Area ranchers are proud of their cattle, constantly improving their genetics. The bull market has been very strong at the production sales across the Midwest this spring. All of the bulls that sell at Bull Day will be semen tested and ready to go to work.

Thanks to all the consignors for the high-quality bulls they have brought to this sale. And... We take pride in the quality of cattle our producers sell here at Philip Livestock. We enjoy working with both commercial and registered producers, and we all know we are involved in a great industry!

Bring your old bulls and slaughter cows to town, and take home one of these outstanding prospects.

On behalf of Philip Livestock & Crew.... Thank You! And let the sale begin!!

910 cow family is moderate framed. Backed by several generations of real thick made cattle. His performance was lower as a calf got weaned early. Should have good uddered daughters. Very gentle disposition as well as high yearling value and maternal traits of his sire. Who is ranked in the top 20 for registrations last year.

915 is my top pick of our bulls. We just brought the top here to sell. The 915 cow is good uddered frame score 6 plus and will always bring home the top calf. We believe he will make a good addition to anyone's herd. The Entice daughters will stand out in most herds. Please don't pass up this opportunity. He is by a purebred cow just not registered. He stands on really good feet and is easy to look at.

917 is my sons top producer. Will sire heifers that will consistently produce above average calves that are eye appealing and will be heavier than average. I can't say enough about this bull. We didn't keep any for ourselves this year, brought the best we had to sell. I think this bull would stand out in any herd. His length and thickness will add pounds and that is what we are working, for all of us. Thank you for your interest.

914 is a high producing cow in our herd. Very consistently weans a calf in the top of our weaned calves. I know this bull will add depth and maternal power to your herd. We don't recommend him for heifers. Our bulls are grown on hay and grain and not pushed. They are in range condition and will not fall apart when you take them home. Mogck Entice was Select Sires show case bull at Rapid City Stock Show in 2022. Thank you for your interest.
