***** Under Philip Livestock *****

DELIVERY:
$75.00 credit on a future sale if you haul your bull(s) home sale day. Free delivery on all bulls within 300-mile radius of Philip. After 300 miles, delivery at cost.

GUARANTEE:
All bulls guaranteed for soundness, fertility and will have passed a breeding exam.

BREEDING SEASON GUARANTEE:
All bulls selling for $3,000 or more will be covered 50% by Slovek Ranch if they are injured during their first breeding season. Breeding season is defined as the 60-day period (not to exceed September 1, 2024) following the first turnout of the bull. Buyer keeps all salvage value and will receive credit at future sales for the difference between the purchase price and salvage value. Please notify us as soon as possible if injury should occur and prior to the injured bull being sold. All injured bulls must be identified and diagnosed by a veterinarian and claims made before September 1, 2024.

Example A: A $5,000 bull is injured and will not heal and is sold for $1,000. The buyer will keep the $1,000 and receive $2,000 credit.

Example B: A $2,400 bull is injured and will not heal. No credit is given. Buyer retains all salvage.

This does not cover mismanagement or neglect.

RETAINING INTEREST:
Slovek Ranch retains the right to collect semen on every bull at our cost and at buyer's convenience. Full possession and full salvage value sells on all bulls.

VOLUME DISCOUNT:
We will be offering a volume discount credit for future sales. You pay what you bid and credit for future sales will be as follows:

1% of purchase price of 3rd bull
2% of purchase price of 4th bull
3% of purchase price of 5th bull
4% of purchase price of 6th bull
5% of purchase price of 7th bull
6% of purchase price of 8th bull
7% of purchase price of 9th bull
8% of purchase price of 10th or more bulls

ANNOUNCEMENTS MADE FROM THE AUCTION BLOCK TAKE PRECEDENCE OVER PRINTED MATERIAL.

Videos of the bulls are online at slovekranch.com

Welcome

Dear Cattle Producers,

We would like to welcome you to the 2024 Slovek Ranch bull sale and say thank you to our customers! We love what we do and are here to serve your needs! This year's sale brings a set of bulls that carry characteristics and genetics designed to be successful in every aspect of the industry and help bring both longevity and vitality to your operation. Our goal is to do what we can to create the best cattle for our customers in order to keep your operation profitable.

Our herd is culled hard in areas of feet, structure, udders, and pleasant dispositions; they are bred to be well-balanced and problem-free. A shorter breeding season is also becoming a quality I focus more on in the sense that if they breed in a 45 day breeding cycle, they get to stay. At calving time, any female that needs assistance is sold. By doing this, they pass on impressive fertility to their daughters and certain qualities of calving ease that make your job easier and ultimately puts money back into your pocket.

We aim to raise cattle that have to go out and work for a living. They are bred to be easy keeping and efficient females whose progeny will pack on pounds using less feed: with feed and input costs, this is more important now than ever to maintain your bottom line but low cattle numbers and good moisture across the country should create good cattle prices for the foreseeable future. Our bulls are fed slower and not pushed hard, allowing them to grow at a more natural pace and helps them to hold up over the long term.

We have been enrolled in the Maternal Plus program through the American Angus Association for a few years now. They are coming out with a new EPD and data on functional longevity, something we really strive for! We have access to those EPDs calculated in their program, though they are not published information yet, and 2/3 of our cow herd falls in the top half of the breed. This means our cows are bred to last longer and put more money in your pocket over the course of their lifetime.

We do not have time to put up with nuisance cattle and don't expect you to have to either. By being hard on our cattle, they should create offspring that are easier on you and contribute to the success of your operation!

We stand behind our genetics and if you have any problems, please call and we will take care of you!

Hope to see you soon,

Bo & Aubrey Slovek

Welcome

Dear Cattle Producers,

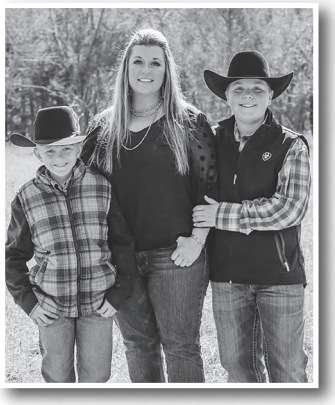

Welcome to the Slovek Ranch annual bull sale. This years offering will be about two-thirds two year olds and about one-third fall bulls. The bulls have passed fertility testing and they have all been trich tested. All the bulls have had a breeding shot, pinkeye, and foot-rot shots.

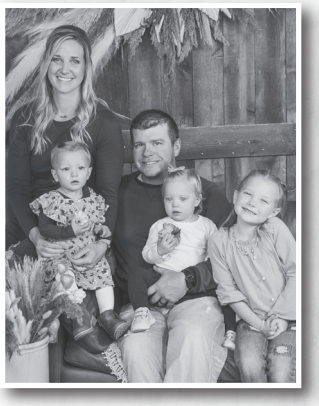

If you have questions, give us a call at 457-2311 or 685-3588 (cell service is not too good). If you want to view the bulls early, from Philip we are 10 miles north, 9 miles west, 1 north, and 3 west.

On Tuesday, March 19th at 1:00 p.m. MST at Philip Livestock: come early for lunch and following the sale there will be snack and refreshments downtown.

See you soon,

Bill & Pennie Slovek
